

E. T. M'BIRNEY ORGANIZES W. S. CLUBS

Large Number Of Students Enroll In City Schools—Richmond Runs Ahead Of Winchester

Hon. E. T. M'Birney, State Supervisor, who is touring this part of the State in the interest of the War Savings Stamps Society, did splendid work in Richmond the past week. He visited the schools of the city and formed societies, which promise to do a good work in boosting the sale of stamps in this county.

At Caldwell High School 311 students enroll as members of the society. The Model School organized their society with a membership which will do good work in the county as well as in Richmond. Mr. M'Birney, called at the colored high school and a society with 88 members started a lively campaign among their people. This is a splendid work which is now in its infancy, and the progress of the societies will be watched with interest.

Judge John C. Chenault, who has done good work as Chairman of W. S. S. in Madison, will oversee the work, and with his leadership, the sale of stamps will be increased to a great extent.

Mr. M'Birney, in talking with a representative of the Daily Register, stated that the people all over the country have been taking advantage of investing and saving their money in this manner. He says that ten million dollars monthly is now being invested in stamps, and Postmaster W. C. Stockton disposed of \$2,000 worth of stamps the past month, while the sales at Winchester for the month only totaled \$174.00.

Mr. M'Birney, went from here to Berea, where a society will be organized among the students of the College at that place. He is a man who is doing a great work for Uncle Sam, and made many friends while in Richmond.

HUNS ISSUE PROCLAMATION

(By Associated Press)
Berlin, May 10.—Germany's reply to the peace terms will be a proposal "for a peace of right on the basis of a lasting peace of nations," according to a proclamation to the German people issued here Friday by President Ebert. The proclamation says the treaty would "deliver German labor to foreign capitalism for indignity of wage slavery and permanently fetter the young German republic." The proclamation closes with an appeal to the German people to stand together and preserve the government.

RICHMOND HOTEL TAKEN DOWN

The Richmond Hotel property, which was put up at public sale, Saturday morning, was taken down at \$13,500. The sale was well attended and Wright Hamilton and Mack Hamilton were the contending bidders. It is understood that the owners set the price at \$25,000. This hotel has been run successfully for several years by Col. Alex. Mellinger, and his many friends hope he will continue the business.

DEMobilIZATION MARK PASSES TWO MILLION
(By Associated Press)
Washington, May 10.—Demobilization in the army has passed the two million mark General March announced today. Troops returned from France now exceeds one million.

HEARD ABOUT TOWN

Mrs. A. E. Carse, came over from Lexington Friday to be in attendance at the sale of her real estate, known as the Richmond hotel.

Dr. H. G. Sandlin, is confined to his home this week, a sufferer with rheumatism.

Contractor Ed. Blanton, lost no time in clearing away the old McCreary property, upon which site the Richmond Motor Company, will erect a large garage.

Mayor L. P. Evans has purchased the George White property on Lancaster avenue, and will remodel the structure at an early date. This will add greatly to the appearance of this residential section.

Professor Ivan E. McDougale and wife will spend the summer months with his parents, on the Summit.

Contractor Jess Bowman, has finished a beautiful home on Broadway. Keep the good work going—there's a steady demand for houses in Richmond.

Sunday is Mother's Day, and special programs have been arranged for all services in the Churches of Richmond. Remember your best friend, and pay her homage on that day, by attending church.

Property owners on West Main street, have subscribed sufficient funds to place oil on the streets in that section.

Rev. J. J. Clifton has been called as rector of the Episcopal church and assisted Rev. Snead in the services last Sunday morning. The members were delighted with him, as well as other worshippers, and he is a man who will strengthen the ministerial forces in Richmond. Mrs. Paul Burman sang a beautiful solo at the morning service, and special music was given by the choir. Mrs. S. J. McGaughey presided at the organ.

Lieut. Governor James D. Black was in Richmond Friday shaking hands with his many admirers and friends.

Members of the choir of the First Presbyterian Church are urged to be present tonight in the Sabbath School room at 7:30.

A painting of the beautiful Kilarney river, is being exhibited in McKee's window this week. It is the work of one of Richmond's young artists, Miss Katie Russell, who shows talent, and is drawing the attention of the lovers of art.

LOCAL METHODIST SIGNALLY HONORED

At the Danville district conference of the Methodist church this week at Stanford, Mr. Walter Q. Park of the Richmond church, was signally honored by being elected a delegate from the district at large to the Kentucky annual conference which convenes later.

Mr. Park was recently appointed First Captain in the great Centenary drive which takes place in a few days by Prof. G. D. Smith, lay leader of the church and head of the Centenary drive here. On last Sunday during the morning service, as one of the local minute men, Mr. Park delivered what is said to have been the most forceful and appealing address in behalf of Methodism and the Centenary, which has ever been heard in the Methodist church, and much good seems already to have resulted from the earnest appeal.

ENJOYING THE SOUTHERN CLIME.

His many friends in Richmond will be pleased to know that Mr. John Marrs, formerly connected with the Glyndon is holding a position with Central hotel, Florence, S. C. It will be remembered that this is the home town of Jake Burger, who made a reputation at the tobacco warehouse in Richmond the past season. Several Richmondites have accepted positions in South Carolina in the past few months, and every one of them are making good.

SELLING STOCK IN RICHMOND

Mr. W. N. Pritchett, a representative of the Dreadnaught Oil Company, has closed several deals with Richmond capitalists the past two days. Mr. Pritchett made many friends here several months ago when he was representing the Cooperative and Development Company. He will be here at the Glyndon for only a few days, when he will return to Louisville, to look after the oil interests.

DERBY IS RUN TODAY

Louisville, Ky., May 10.—The pick of American three-year-old race horses faced the barrier in the forty-fifth renewal of the Kentucky Derby Churchhill Downs here this afternoon in an attempt to negotiate the Derby distance of a mile and a quarter for a purse in excess of \$20,000.

A multitude of spectators from many sections of the country filled the grand stand, overflowed into the infield on the opposite side of the track and surged into the betting shed where batteries of pari-mutuel machines almost a half block long clicked off wagers totaling thousands of dollars. One section of the battery was devoted exclusively to bets of \$25; another recorded nothing but \$10 wagers; a third added \$5 bets; a fourth showed combination on wagers to win, place and show, and the remainder mechanical devices which showed the confidence of the public which was willing to wager \$2 on its judgement. Speculators gathered around the machines, records \$25 wagers to glean from totals what the "plunger" thought of the chances of their favorites. When the warning bell was sounded five minutes before post time the bulk of the public's money had been placed and the result rested on the stamina of the thoroughbreds, the skill of the jockeys and the fortunes of a ruthless struggle.

The name of Eternal and Billy Kelley were on the lips of many speculators, Sir Barton, with a ten-pound weight allowance, loomed up in another quarter; Vindex came in for a share of favorable comment. Duboyne was said to have all the points of a "stayer," and Regalo was another who was being "long shot." Also discussed the chances of a horse named "Under the Fire."

It was believed not more than six minutes would elapse before the post. With that number lined up before the starter, the Derby, carrying \$20,000 in added money, would be worth approximately \$25,000, with something more than \$22,000 going to owner of the horse which noses out his field at the wire.

MEXICO TO ESTABLISH DRY ZONE ON BORDER

(By Associated Press)
Laredo, Texas, May 10.—A bill to create a ten-mile dry zone along the international border will be introduced in the Mexican Congress, according to officials at Nuevo Laredo. The proposed law would become effective a month before the United States goes dry. The zone would extend from the Pacific Coast to the mouth of the Rio Grande. To offset the revenue losses to Mexican border merchants incurred by the law, another bill will be introduced for a ten-mile free zone having the same effect as the one which would prohibit the dry territory free of duty.

BOLSHEVIK IDEAS BLAMED FOR STRIKE

(Correspondence Associated Press)
Barcelona, Spain, April 2.—German propaganda and the spread of Bolshevism among the working men are, in part, blamed for the general strike which took place here last week. It is generally believed that the Germans have all along been working to create trouble among the Spanish laboring men. Their machinations during the war were exposed by the Madrid daily El Sol, which showed how the German embassy was implicated in provoking labor troubles both in Barcelona and Madrid. It was reported two weeks ago that a wireless message had been intercepted asking that further funds be sent here for propaganda work.

The wealth which was brought to this manufacturing district of Spain was not shared by the working people. While the cost of living steadily increased, wages remained unaltered or insufficiently increased. Bolshevism ideas began to spread and were judiciously fostered by unidentified persons who provided funds and organization. All workers including clerks in offices were forced by threats to join the labor syndicates. Those who refused were warned by anonymous letters and if they disregarded these warnings, were murdered by masked men. The police failed to discover the authors of these crimes.

The strike began among the employees of the light and power company and the city was left without street cars or electric light. The government mobilized the strikers but the tramway conductors refused to take the cars out under military orders and were arrested and taken to the fortress at Montjuich.

Finally the Madrid government obliged the light and power company to concede the demands of the men but the army authorities refused the demand of the union that the imprisoned conductors be liberated.

The general strike ensued and the city was left without light, power or transport. There is good authority for stating that the strike leaders planned a general pillage of the city as serious as that which took place in 1903. Martial law was proclaimed and the military authorities stationed machine guns in the leading thoroughfares while special constables maintained order in the side streets. The soldiers supplied electric light and water but no street cars were operated. Several days and the Madrid papers received here were torn from the hands of the vendors. Eventually the authorities gained the upper hand and normal conditions were restored.

The censorship made it impossible to wire any details.

Park of the Richmond church, was signally honored by being elected a delegate from the district at large to the Kentucky annual conference which convenes later. The Danville district is the largest in the conference and includes the Richmond church.

Mr. Park was recently appointed First Captain in the great Centenary drive which takes place in a few days.

Mr. Park is a man of many talents and is well known in the Methodist church, and much good seems already to have resulted from the earnest appeal.

ENJOYING THE SOUTHERN CLIME.

His many friends in Richmond will be pleased to know that Mr. John Marrs, formerly connected with the Glyndon is holding a position with General hotel, Florence, S. C. It will be remembered that this is the home town of Jake Burger, who made a reputation that is hard to beat as auctioneer at the tobacco warehouse in Richmond the past season. Several Richmondites have accepted positions in South Carolina in the past few months, and every one of them are making good.

SELLING STOCK IN RICHMOND

Mr. W. N. Pritchett, a representative of the Dreadnaught Oil Company, has closed several deals with Richmond capitalists the past two days. Mr. Pritchett made many friends here several months ago when he was representing the Cooperative and Development Company. He will be here at the Glyndon for only a few days, when he will return to Louisville, to look after the oil interests.

DERBY IS RUN TODAY

Louisville, Ky., May 10—The pick of American three-year-old race horses faced the barrier in the forty-fifth renewal of the Kentucky Derby at Churchill Downs here this afternoon in an attempt to negotiate the Derby distance of a mile and a quarter for a purse in excess of \$20,000.

A multitude of spectators from many sections of the country filled the grand stand, overflowed into the infield on the opposite side of the track and surged into the betting shed where batteries of pari-mutuel machine almost a half block long clicked off wagers totaling thousands of dollars. One section of the battery was devoted exclusively to bets of \$25; another recorded nothing but \$10 wagers; a third added \$5 bets, and fourth showed combination on wagers to win, place and show, and the remainder mechanically showed the confidence of the public which was willing to wager \$2 on its judgment. Speculators gathered around the machines records \$25 wagers to glean from totals what the "plungers" thought of the chances of their favorite. When the starting bell sounded five minutes before post time the bulk of the public's money had been placed and the result rested on the stamina of the thoroughbreds, the skill of the jockeys and the fortunes of a ruthless struggle.

The name of Eternity and Billy Kelley were on the lips of many speculators, Sir Barton, with a ten-pound weight allowance, loomed up in another quarter. Windex came in for a share of favorable comment. Duboyne was said to have all the points of a "stayer," and Regalo was not without a following. Those who were betting on the "long shots" also discussed the chances of more than fifty others, including Be Frank, Toto and Under Fire.

It was believed not more than sixteen thoroughbreds would go to the post. With that number lined up before the start the Derby, carrying \$20,000 in added money, would be worth approximately \$22,000 with something more than \$2,000 going to the winner which noses out his field at the wire.

MEXICO TO ESTABLISH DRY ZONE ON BORDER

(By Associated Press) Laredo, Texas, May 10—A bill to create a ten-mile dry zone along the international border will be introduced in the Mexican Congress, according to officials at Nuevo Laredo. The proposed law would become effective a month before the United States goes dry. The zone would extend from the Pacific Coast to the mouth of the Rio Grande. To offset the revenue losses to Mexican border merchants, incurred by the law, another measure will be introduced for a ten-mile free zone having the same radius which would admit imports to the dry territory free of duty.

NOTICE TO WAR MOTHERS.

BOLSHEVIK IDEAS BLAMED FOR STRIKE

(Correspondence Associated Press)

Barcelona, Spain, April 2—German propaganda and the spread of Bolshevism ideas among the working men are, in part, blamed for the general strike which took place here last week. It is generally believed that the Germans have all along been working to create trouble among the Spanish laboring men. Their machinations during the war were exposed by the Madrid daily El Sol, which showed how the German embassy was implicated in provoking labor troubles both in Barcelona and Madrid. It was reported two weeks ago that a wireless message had been intercepted asking that further funds be sent here for propaganda work.

The wealth which war brought to this manufacturing district of Spain was not shared by the working people. While the cost of living steadily increased, wages remained unaltered or insufficiently increased.

Bolshevik ideas began to spread and were judiciously fostered by unidentified persons who provided funds and organization. All workers including clerks in offices were forced by threats to join the labor syndicates. Those who refused were warned by anonymous letters and if they were regarded these warnings were murdered by masked men. The police failed to discover the authors of these crimes.

The strike began among the employees of the light and power company and the city was left without street cars or electric light. The government mobilized the army authorities but the conductors refused to take the cars out under military orders and were arrested and taken to the fortress at Montjuich.

Finally the Madrid government obliged the light and power company to concede the demands of the men but the army authorities refused the demand of the union that the imprisoned conductors be liberated.

The general strike ensued and the city was left without light, power or transport. There is good authority for stating that the strike leaders had planned a general pillage of the city as serious as that which took place in 1909. Martial law was proclaimed and the military authorities stationed machine guns in the leading thoroughfares while special constables maintained order in the side streets. The soldiers supplied electric light and water but no street cars were operated. No Barcelona papers were printed for several days and the Madrid papers received here were torn from the hands of the vendors. Eventually the authorities gained the upper hand and normal conditions were resumed.

The censorship made it impossible to wire any details.

SOLDIERS WIN FIRST ROUND.

War Department heads at Washington were under order of the District Supreme Court to show why discharge soldiers should not be allowed mileage home at the rate of 5 cents per mile instead of 3 1/2 cents. Issuance of the order by Chief Justice McCoy was the first victory for the Soldiers and Sailors' Legion in its right to force the government to pay the men about \$40,000,000 additional traveling allowance. The last Congress authorized payment of 5 cents a mile to discharge soldiers and sailors. The War Department has announced it intends to pay this difference as rapidly as possible.

BELGIANS EAGER TO GET AMERICAN SHOES
Brussels, May 9—American shoes were placed on sale here today. Great crowds struggling to reach an

objective on the northern side of the Rue Neuve becoming noisy and unruly caused a call to be sent to the police station for the reserves. The objective was an American shoe store which had just advertised for sale a carload of footwear, at prices ranging from fifty to sixty francs. In the shopping district shoes were worth from eighty to one hundred and fifty francs and here the crowds were battling for the privilege of purchasing shoes the lower cost, equivalent to \$10 or \$12 a pair. The supply was exhausted before sundown. As two poorly dressed women emerged from the store one was heard to say: "Blessed be the Americans; I have saved fifty francs." Senator J. C. W. Beckham has accepted an invitation to attend the Centre College Centennial and will make one of the principal addresses at the Alumni Reunion to be held at Danville, June 10th.

McCombs Road Oil

"From the time of the Roman Caesars it has been recognized that prosperity follows good roads."

THE high cost of material and the shortage of labor put a premium upon the preservation of present equipment; and for the preservation of good roads a gallon of oil is worth a bushel of labor.

Imperative demands of the war period have prevented adequate road maintenance, improvement and extension. The immense transportation problem of reconstruction requires that the arteries of traffic be kept in good condition.

Roads well oiled last indefinitely. A well-oiled road is impervious to the destructive forces of nature and offers adequate resistance to the wear and tear of heavy traffic.

GAS FOR LOUISVILLE

City Now In No Danger of Not Having Ample Supply of Fuel Gas

Louisville, Ky., May 5th.—The troubles anticipated by Louisville as to next winter's fuel gas are all over, and the situation which at first promised considerable litigation has been relieved.

The Pennagrade Oil and Gas Co., composed of a number of wealthy West Virginia coal operators, has closed a contract with the Louisville Gas and Electric Co. for a supply covering the next fifteen years.

The Pennagrade people have also interested a number of Kentucky men in their project, among them Geo. T. Wood, Vice President of the Bourbon Stock Yards, Louisville; Col. Robt. G. Evans, of Danville; Robt. M. Trimble, of Mt. Sterling; Rev. E. B. G. Mann, of Lexington, and Morris J. Farris, of Danville.

They propose to sell only sufficient stock to build a pipe line from the Eastern fields to Louisville. Contract for this has been placed. R. W. Moon, of Louisville, is Fiscal Agent.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught. For it is the finest laxative one can use."

Thedford's Black-Draught has been many years found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it.

Compare Goodrich 375's with other Ford Car Tires

If you have not used these husky, de luxe tires for the Ford car, go at once to a Goodrich dealer and say to him, "Give me a Goodrich Three-Seventy-Five."

Compare it with an ordinary Ford-size tire, and you will find it bigger and burlier in every way.

As a matter of figures and measurements, it is an inch bigger in the circumference, and much thicker in the cross section—that is, a 31 x 3 3/4 inch tire.

That extra size means a finer looking, easier riding Ford car to begin with, and a longer lived car and tires in the end.

Though "Three-Seventy-Fives" cost a little more at the outset, built to meet the special needs of the Ford car and bring out its known virtues, they soon reveal a greater dollar economy, which makes it the better buy in the long run.

"BEST IN THE LONG RUN"

FORTY YEARS A DRUGGIST He Endorses PERUNA

Read this from Mr. L. A. Richardson of Marine, Illinois:

"I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. If taken hourly in tablespoonful doses by adults it will break up the worst cold in two or three days' time. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Republic Tires do last longer—we know it by personal experience in hundreds of cases.

The Prodim Process does make the tread tough.

We have seen scores of Republic Tires on which the Staggard tread was scarcely rubbed when any other tread would have been worn down to the fabric.

Another thing we know by observation in hundreds of cases is that this tough Staggard tread does not chip nor cut as others do. The Prodim Process does all that the makers claim and more in making Republic Tires last longer.

That is why we are not only dealers and distributors for Republic Tires—but believers in them and enthusiastic endorsers of their value.

If you'll give us the chance to prove their longer life we know you'll never buy anything but Republic Tires again.

OFF AT THE DOWNS

Louisville, May 10—A memorable battle is in prospect this afternoon in the 45th renewal of the Kentucky Derby, carrying \$20,000 in added money, in spite of indications for a heavy track. There was no overnight withdrawals of the 14 horses carded to start. Eternal, apparently is a slight favorite over Billy Kelly, with not a little sentiment in favor of Regalo, owned by Galloper Bros., of Lexington. Easterners favor Vindex, Harry Payne Whitney's entry.

DEMAND INVESTIGATION OF WAR DEPARTMENT ACTION

(By Associated Press)
St. Louis, May 10—Immediate investigation by Congress of the War Department's action in freeing conscientious objectors convicted by court martials, for violating the articles of war, was demanded by the newly formed American Legion today at the final session of its three days meeting.

NORMAL SCHOOL NOTES

Every student of the Normal who expects to teach this coming year is asked to meet at the office of the teacher's Bureau this afternoon at 4 o'clock.

A party of young men and women of the Normal, conducted by Miss Jordan, attended the show at the opera house the past evening.

The "Rhythm Games," will be on at the Normal gymnasium tonight. All students who attend are asked to bring five cents to pay expenses for running them.

Mr. Earl McDougle Jr. is reported to be getting along fine and we hope to see him back on the campus soon.

The son of Dr. Bruner of the Normal who has been in the A. E. F. is expected to arrive in Richmond within the next few days.

The base ball game, which was to have been played with Stanford High School is called off until a later date on account of the condition of the field.

Chapel exercises this morning was enjoyed by all present. The mixed quartet gave some excellent music and we hope they will favor us with some more selections at another chapel exercise soon. The "pep" songs which were led by Mr. Trosper were enjoyed immensely. A copy of these may be had by calling at the business office next week.

Monday is enrolling day for the last half of the fourth term. Students as far as possible are asked to enroll Monday before noon.

Your Oil Investments

Buy stock in the only Oil Company operating in Kentucky that has a guaranteed income for the next 15 years from the sale of Natural Gas on their property.

To you people who throw up your hands in holy horror at the word "OIL" mentioned in any proposition, let me call your attention to the fact that the Pennagrade Oil & Gas Company is selling merchandise at a tremendous profit.

There is no difference between the contract that we have with the Louisville Gas and Electric Company for Natural Gas to run for the next fifteen years, than there is in any contract you have with any reputable concern in your own territory to deliver a quantity of merchandise.

We refer you to National Bank of Kentucky, United States Trust Co., and Louisville Trust Co., all of Louisville.
